

1700 Series

Cold Water Pressure Washers

#1 in North America for High-Pressure Cleaning Equipment

Electric / Belt Drive

Quick disconnect nozzles are color-coded for quick and easy changing between 0°, 15°, 25°, 40° spray nozzles

Hotsy triplex, belt-drive pump carries seven-year warranty

Tri-lingual labels provide operating instructions in English, Spanish and French

Zinc-plated, variable-pressure, dual-lance wand for remote detergent on/off

Model 1720 shown in optional Stainless Steel cabinet

Downstream detergent injection allows remote detergent application

Belt-drive motor ensures a smooth and quiet-running machine

50-ft. high-pressure, non-marking hose for easy maneuverability around a large working area

Standard hour meter accurately tracks in-use service time

The 1700 Series boasts a simple, yet extremely efficient, design. Cast-iron pulleys offer longer belt life. Belts are easily adjusted by turning two bolts. Notched V-belts provide cooler operation.

Model 1720 shown with optional wheel kit

Clean better with Hotsy detergents

Hotsy pressure washers clean best when matched with our specially-

formulated Hotsy detergents. Nearly all 40 Hotsy detergent formulations contain Hotsy's exclusive advanced-formula HCC additives to help prevent scale build-up and fight corrosion in your equipment. Most Hotsy detergents are USDA and Canadian Agriculture approved. All are highly concentrated, so a little goes a long way.

Spend some time with a Hotsy Expert

Hotsy has more than 130 local distributors in North America, all factory-trained to properly evaluate your high-pressure cleaning needs. Over 80% of Hotsy's distributors have been supporting Hotsy systems for more than 20 years.

This seasoned network of local service professionals will ensure you get the safest, most effective and most efficient cleaning solution to your specific cleaning need.
